**WORLD  
MOVEMENT  
FOR  
DEMOCRACY**

Dear Andrea,

On behalf of the World Movement for Democracy, I am delighted to invite you to a day-long workshop on **September 21, 2023** to engage peer-to-peer learning on crossing over from civic activism to government and advancing reform from within government.

This conference is part of the World Movement's [Crossover Initiative](#), empowering civil society activists and young people to get into politics. At the conference, participants from the Latin America and Caribbean region and from Bosnia and Herzegovina will share experiences and explore best practices for activists who enter government to make democracy deliver. The workshop will also include networking opportunities with DC-based democracy support organizations that provide political training.

The World Movement for Democracy is a community of action comprised of individuals and organizations working together to catalyze political and public support for democracy around the world. Partnering with other organizations, the World Movement builds solidarity with democracy advocates against immediate threats while providing sustained support for advocates in their long-haul journey of democracy building.

If you accept our invitation, the World Movement will cover the cost of your roundtrip economy-class air ticket and hotel accommodation for two nights (September 20 and 21). We will also provide meal allowance. Detailed agenda will be forthcoming.

Please RSVP no later than **August 18, 2023** by emailing my colleague Meghan Backer at [meghanb@ned.org](mailto:meghanb@ned.org).

Sincerely,

Ryota Jonen

**Meghan Backer** (she/her)

Project Manager, World Movement for Democracy

**[1201 Pennsylvania Ave, NW, Suite 1100, Washington, DC 20004](#)**
